Keyless Combination Lock

Key Lock

### Keyless Combination Lock

Secured by one 3-wheel Keyless Combination Lock listed under UL Group 2, CEN Env 1300 Class B, A2P Class CNPP B/E\_14, Vds M102362/ Class 2/08. Capable of 1,000,000 changes of code. The operation of this lock is simple. The code can be changed easily.

5100 Series - 1 hour fire rated

5200 Series - 2 hour fire rated

### UL - 72 Class 350 Fire Endurance Test

As the cabinet is affected by heat for a much longer time, the testing period can actually take up to 24 hours.

### Testing in Compliance to UL 72 Class 350

#### Fire Endurance Test

The RPF Cabinet is placed inside a furnace and heated to 927°C for 1 hour (5100 series) and 1010°C for 2 hours (5200 series) and is left to 'soak-out' to simulate an 'after fire' environment. The Cabinet has been designed to limit the internal temperature to not more than 177°C.

4 Drawers RPF Cabinet comes with Individual Locking

A Chubb safes cabinet in the furnace showing its resistance to temperatures over 1000C for upto 2 hours.

Chubb safes Record Protection Filing Cabinets provide fire protection for any paper based documents in the event of a severe fire. It is tested and certified to the Underwriters Laboratories test standard UL 72 Class 350 (Fire Endurance Test) for paper protection against fire.

# RPF Cabinet 5000 Series

record protection filing cabinets

## Features

- **Body** - The Body has an overall thickness of 57mm insulated with Chubb safes patented PCDE fire resistant material. Proofing materials used are also asbestos-free, reliable, stable, well aerated and will not deteriorate with age.
- **Drawer** - The drawer is constructed with an overall thickness of 56mm. The proofing material is identical to the material used in the body of the cabinet. Each drawer is also suspended on full extension rails with bearings for durability and for ease of use. The drawers have been designed to fit most paper hoist and box files.
- **Locking** - The Chubb safes RPF cabinet comes in 2 locking variants:
  - Central Locking - One 3-wheel keyless combination lock and one key lock on the top drawer; controlling all drawers.
  - Individual Locking - One 3-wheel keyless combination lock and key lock on the top drawer; controlling all drawers. In addition, there is one key lock on each subsequent drawer for individual locking.
- Available in two versions:
  - i) **5100 series** (1 hour fire rated)
  - ii) **5200 series** (2 hour fire rated)Both series are in compliance to UL 72 Class 350 (Fire Endurance Test) which represents one of the highest and most stringent test currently used to evaluate record protection equipment.
- **Finish** - A scratch resistant Polyurethane based finish.

**Chubb safes**
